About Royal Society of Chemistry (London):

Royal Society of Chemistry London is a non-profit organization with a heritage that spans 178 years; it has an ambitious international vision for the future. Around the world, the Royal Society of Chemistry (London), invest in educating future generation scientists. Since 1841 with over 65,000 members and a knowledge business that spans the globe, the RSC is involved in the spheres of education, qualification and professional conduct. RSC runs conferences and workshops for college students, scientists, industrialists and policy makers at both national and international level.

Royal Society of Chemistry (UK) – India Deccan Local Section (RSC-IDLS) is very active section in India promoting chemistry from school to Ph.D. level by way of conducting quiz, demo, science fair, debates, arranging invited lectures, workshops and conferences etc. Also, promotes chemistry to the wider public through nonular lectures.

About Bapatla Education Society: The **BAPATLA EDUCATION SOCIETY** was established in the year 1962 registered (No: 58/1962) under societies act XXI of 1860 with objectives to fund and run the educational & cultural Institutions. Institutions run by Bapatla Education Society: Bapatla College of Arts & Sciences (1963), Bapatla Engineering College (Autonomous)(1981), Bapatla Public School (1987), Bapatla Junior College (1994), Bapatla College of Pharmacy (1995), Bapatla Polytechnic College (2001), Bapatla Woman's Engineering College (2009).

About the Conference: This symposium will bring together early career Chemists, U.G., P.G. and Ph.D. students from different colleges and Universities. It offers an excellent opportunity for industrial academic, researchers and students to present their research work through poster presentation with their peers in a relaxed environment. This conference will also offer a better platform for the delegates to acquire knowledge on the current developments in chemical sciences and to make clear their queries on research with experts in the field, to share the thoughts and contribute to the ever-growing developments in chemistry and allied sciences.

Objective of the symposium: The aim of this seminar is to bring together the experts in chemical & pharmaceutical sciences to discuss new developments in applied sciences. The meeting is for all U.G., P.G., Ph.D. students and also new academic staff members who wish to communicate their latest findings with the peer group.

Call for Papers: Guidelines for poster presentation: Royal Society of Chemistry & Dept. of Chemistry, BCAS takes immense pleasure of inviting abstracts for oral and poster presentation from all disciplines of chemical sciences.
